Serial No.

31 It will be seen that some items are met from State Funds and others from Palace Funds. In view of the fact that both the general public and the palace employees are treated there, the present arrangement which is in force for a long time seems to me to be reasonable. If the proposal is given effect to, practically the whole expenditure in connection with the dispensary will be thrown on State Funds.

32 It may be pointed out that in departments where dispensaries are maintained mainly for their employees, such as the P.W. Dispensaries at Kannambadi and Sivasamudram, the total cost is borne by the Department though outsiders are also treated there. Similarly, the total cost of the Palace Dispensary or a considerable part thereof, which is intended primarily for the treatment of Palace employees (though the general public are admitted there), should be borne by the palace.

33 In my respectful opinion, the proposal now made is not quite generous to the provincial ~~men-~~ revenues and the existing arrangement may continue.

D.O. No. 3183/En one file

Bangalore
10th August 1915.

40

My Dear sir,

With reference to your D.O. letter No.174 dated the 7th April 1915 suggesting that if there be no objection the salaries of the two Sub Assistant Surgeons deputed for duty in the Palace Dispensary may be debited to State Funds, I send you herewith for submission to His Highness the file relating to the question.

The Financial Secretary's views against the proposal are contained in paragraph 30 of the Notes. But they may be refuted as follows:-

(1) Palace servants are also a section of "the public," and a dispensary attended partly by them and partly by the rest of general public has as much claim to be supported from public revenues, as any ordinary undenominational dispensary intended for

the general public

(2) The analogy of Departments which are said to bear the whole cost of dispensaries maintained mainly for their employees does not hold good in the present case, since the funds in the former case come from the same source viz. the Provincial Revenues, although for purposes of accounting they are shown under separate budget heads under the Departments concerned.

The matter is after all not very important. Orders will issue in accordance with His Highness's pleasure which may be kindly ascertained and communicated to me.

Yours sincerely

My dear Sir,

I am directed to send enclosed a Statement showing the Pay and Allowances of the two Sub Assistant Surgeons deputed for duty in the Palace Dispensary at Mysore and to say that, as the Dispensary is in a large measure availed of by the general public also, it seems to His Highness that the salaries of the two Sub Assistant Surgeons should be debited to the State instead of to the Palace as has hitherto been the case. I am therefore to request that, if you see no objection, orders may be passed accordingly.

The Charge Allowance of Rs. 10 which one of the Sub Assistant Surgeons in the above Dispensary is getting for looking after the Ursu Boarding School is of course debitable to the Palace and will continue to be met from that source as heretofore.

Yours sincerely,
Mirza M. Ismail

M. Visvesvaraya Esq., C.I.E.,

Dear Sir,

I am in receipt of your letter dated the 22nd Instant with reference to the question of debiting to the State the pay and allowance of the two Sub-Assistant Surgeons deputed for duty in the Palace Dispensary, and in reply I am to say as follows:

(i) No - it will continue to be run as it has been all along. The Palace Assistant Surgeons also attend it regularly and prescribe, but it will remain, as it has been, essentially a Palace institution for the convenience of the Palace servants, although it is very popular with the general public also.

(ii) No - not conveniently near.

(iii) Neither practicable nor desirable.

Yours sincerely,

Mirza M. Ismail

G.Srinivasa Iyer, Esq., B.A., M.L.,
Assistant Secretary to the Government,
General & Revenue Secretariat,
Bangalore.
